## THE WORLD

The World, the largest privately owned residential yacht on earth, has unveiled its 2024 Journey, promising an extraordinary voyage across five oceans and five continents. This unique experience will encompass over 100 ports of call, including numerous maiden ports, offering residents and guests an unparalleled adventure. As the sole vessel of its kind in operation, The World provides an ultra-luxurious lifestyle of global exploration from the comforts of home. Renowned for venturing into the planet's remotest corners, the 2024 itinerary commences in Antarctica's snowy landscapes and concludes along Mexico's tropical West Coast. Crafted by residents after meticulous deliberation and research, the journey combines vast expanses, lesser-explored terrains, and vibrant metropolises like Rio de Janeiro and Tokyo.
